IMPORTANT NOTE:

Realistic fees enable us to offer the best salaries we can to staff. This ensures we can employ experienced qualified staff to work for us and stop high staff turnover. It also means we can employ three extra staff to cover annual leave and sickness; this means we do not have to use casual labor or agency staff. Good staffing policies are vital to your child receiving consistent quality care.

We appreciate childcare fees can be a large percentage of a households outgoings, which is why we try to keep them as low as possible. We do hope for the job that we do that we are very good value for money. We could not imagine a more important job in the world than caring for your children.

We will keep your child happy and stimulated and ensure they learn through play and make friends, we also ensure that parents can leave their children with us feeling confident and happy. We believe our fees are excellent value for your peace of mind and your child's happiness in the most important years of their life.

FREE NURSERY SESSIONS - Fees for 3-Year Olds

When your child reaches 3 years old they are entitled to 15 hours per week free, either in a state school nursery, community nursery or private nursery like ours. The curriculum we offer for our pre-school children is inspected and monitored by certified organization from Japan. You receive funding for these hours for 38 weeks per year and the other 14 weeks which fall in line with school holidays are charged at our normal rate. We are able to join together two funded nursery grant sessions of 2.5 hours to create one morning or one afternoon session of 4 hours at nursery (9am - 1pm and 1pm - 5pm). You are able to use a maximum of 12 hours per week over a minimum of 3 days. We receive £ 3.40 per hour from the local education authority, which we pass onto you by deducting it from your fees.

Please do not hesitate to contact us if you need more information and a costing for the care you need.
